EDUCATION

BMS College of Engineering (BMSCE)

Bachelor of Engineering in Information Science & Engineering | 2023 – 2027

CGPA: 9.0 / 10

BHSS Magam, Kashmir

Higher Secondary Certificate (12th Grade) | 95%

Madina Public Schools, Kashmir GKQ

Secondary School Certificate (10th Grade) | 98.4%

TECHNICAL SKILLS

- Programming Languages: C++, Python, C, Java
 - Web Development: HTML, CSS, JavaScript
 - Data Structures & Algorithms: Lists, Trees, Stacks, Queues
 - Operating Systems & Scripting: Linux, UNIX, Shell Scripting
 - Tools: Git, GitHub, VS Code, Ubuntu Terminal
-

PROJECT HIGHLIGHTS

- Unix-Based File Management System
Leveraged UNIX system calls and APIs to build a robust file management system, mastering low-level OS interfaces and demonstrating practical understanding of system programming.
 - Interactive Tic-Tac-Toe Game
Developed a user-friendly Tic-Tac-Toe game using JavaScript, HTML, and CSS, showcasing my front-end development skills and ability to create engaging user interactions.
-

CERTIFICATIONS

- Full-Stack Web Development (in progress)
 - Git & GitHub Basics
-

WHY ME?

I combine a solid academic foundation with hands-on experience in programming and web development. My goal is to continuously learn, innovate, and deliver practical solutions. I am a proactive problem solver passionate about coding and collaborating in dynamic tech environments.
